

# TSG POS Version Upgrade

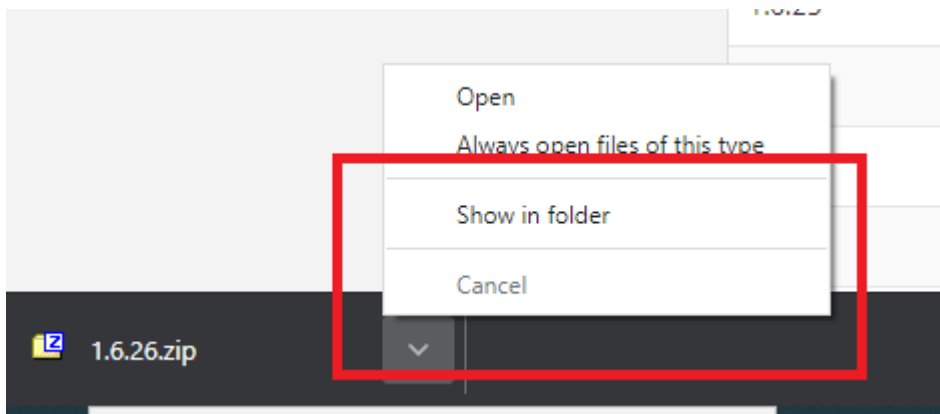

---

1. Download the desired POS version from here:

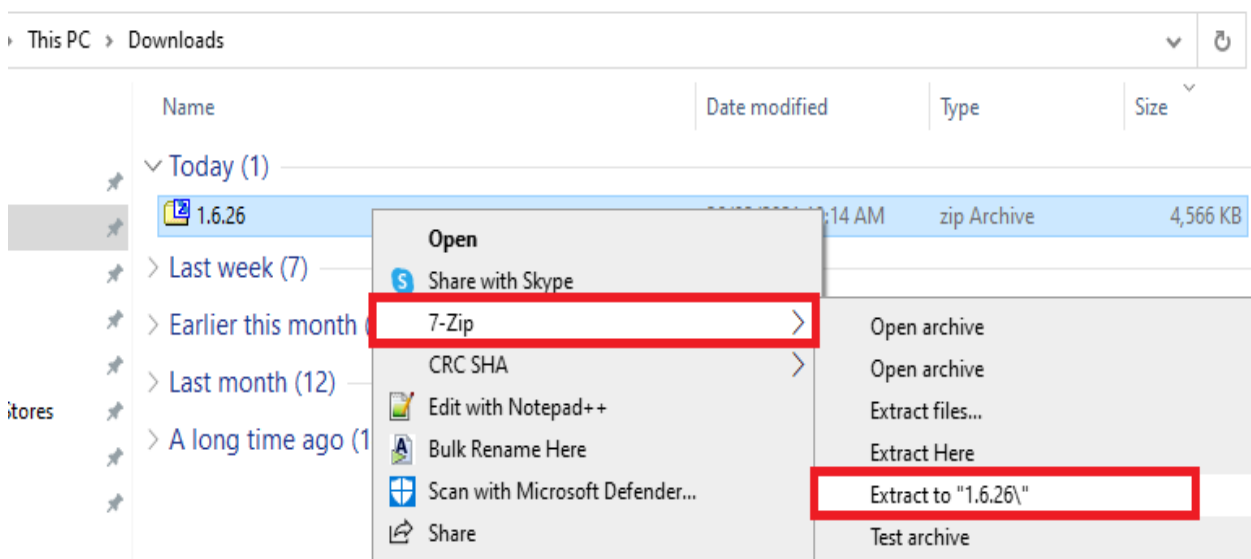

<https://tobaccosg.com/pos/>

2. Once downloaded, click on the 'Up arrow' next to the file name on the bottom left-hand corner and select 'Show in folder' to open the file location:

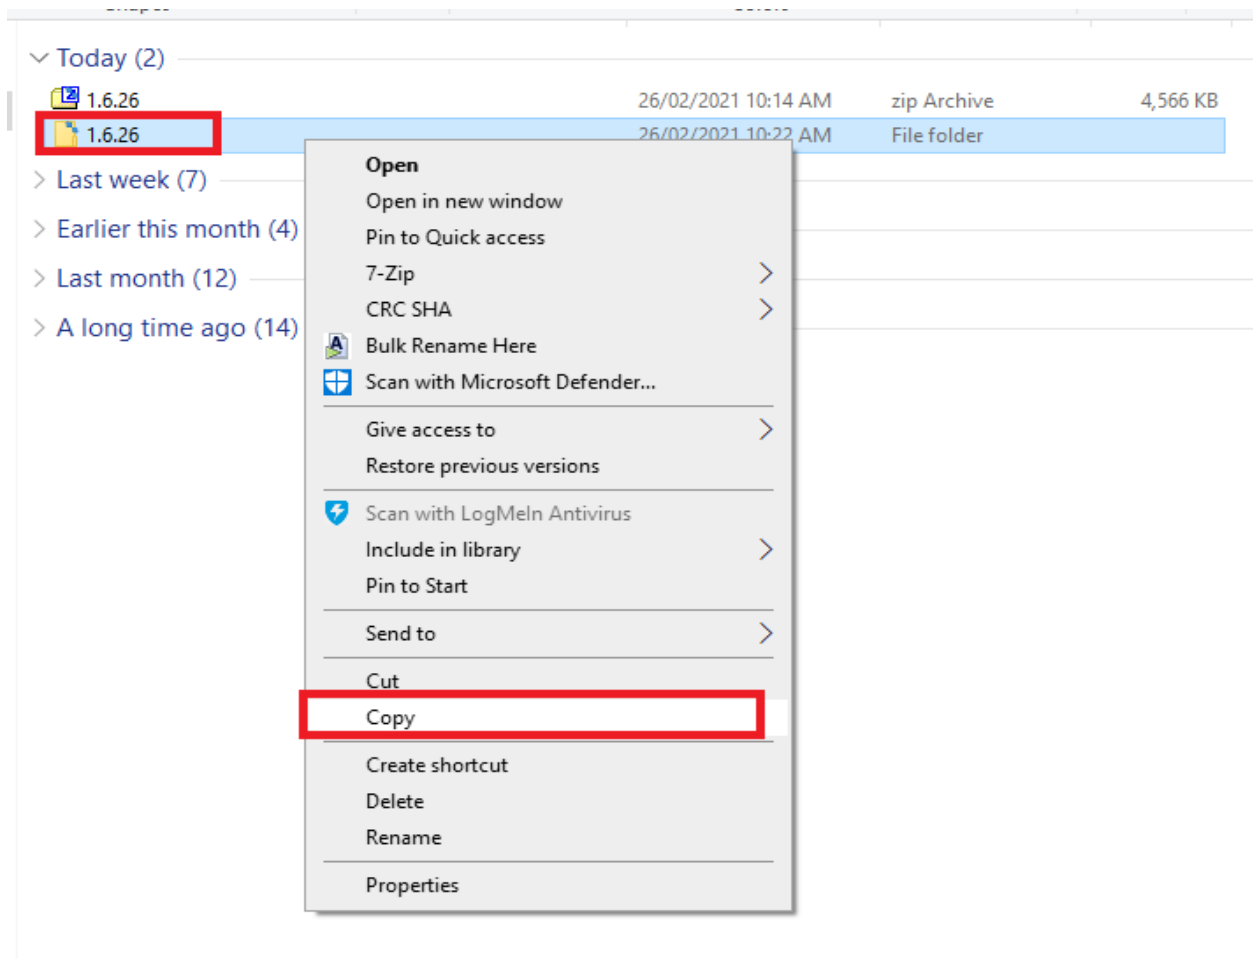

3. In the [download](#) location, locate the file and right click on it to load the menu options

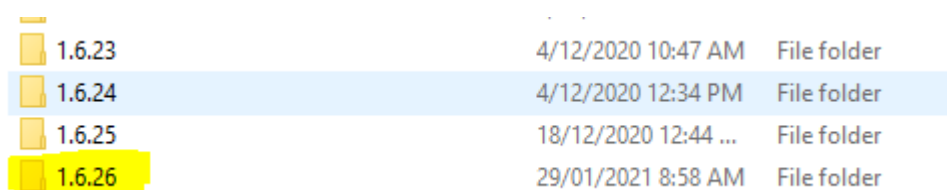

Click on 7-Zip to expand the menu and select 'Extract to <folder name>' as shown below:

4. Now copy the newly **extracted** folder:

5. Go to <C:\Statistics\Updates> and paste the copied folder (Ctrl + V):

6. Launch TSG POS retail software from your desktop and it should launch as normal.
