

User guide for Microsoft Power BI

Power Bl

TSG has now added a Microsoft Power BI report to Heimdall. Power BI reports are used to transform data and create charts or graphs to provide an insight of how your business is tracking. By logging in to Heimdall, you will have access the last 7months of sales data for your store/stores.

Please see the below instructions on how to use this report.

1. How do I access Power BI?

Step 1 Open your internet browser and go to TSG Heimdall website. <u>https://tsg-heimdall.com/login</u>

3 How do we use Power Bi to get what I need ?

Focus mode

Focus mode lets you expand (pop out) a visual or tile to see more detail. Maybe you have a dashboard or report that is a little crowded and you want to zoom in on only one visual. This is a perfect use of focus mode.

We can always use the "clear selections" button to change our filter back to default.

Example 3

We can adjust the date range by moving the Transaction Date bar.

Example 4

In this example, we would like to see all report for specific supplier. In this case, we select Philip Morris. Now we can see all sticks and % report only for PML.
